Thank you for reading my Words of Wisdom (WOWs) for 2019

I believe, through personal experience, that one of the secrets to accelerating your personal success is by reprogramming your subconscious mind. The awe of beautiful images opens your mind and lowers the resistance. The words of wisdom are then able to sink in much quicker and deeper. That is the beauty and power of these free WOW picture e-books.

Happiness is the meaning
and purpose of life, the
whole aim, and end of
human existence.

~ Aristotle

but the bumblebee doesn't know it and it goes on flying anyway.**

Life is the sum of all your choices.
Albert Camus

A person in a grey hoodie and black leggings is balancing on a yellow tightrope stretched between two palm trees. The palm trees are heavily decorated with colorful graffiti. The scene is set on a sandy beach with the ocean in the background. Another person is visible in the background, also near the trees.

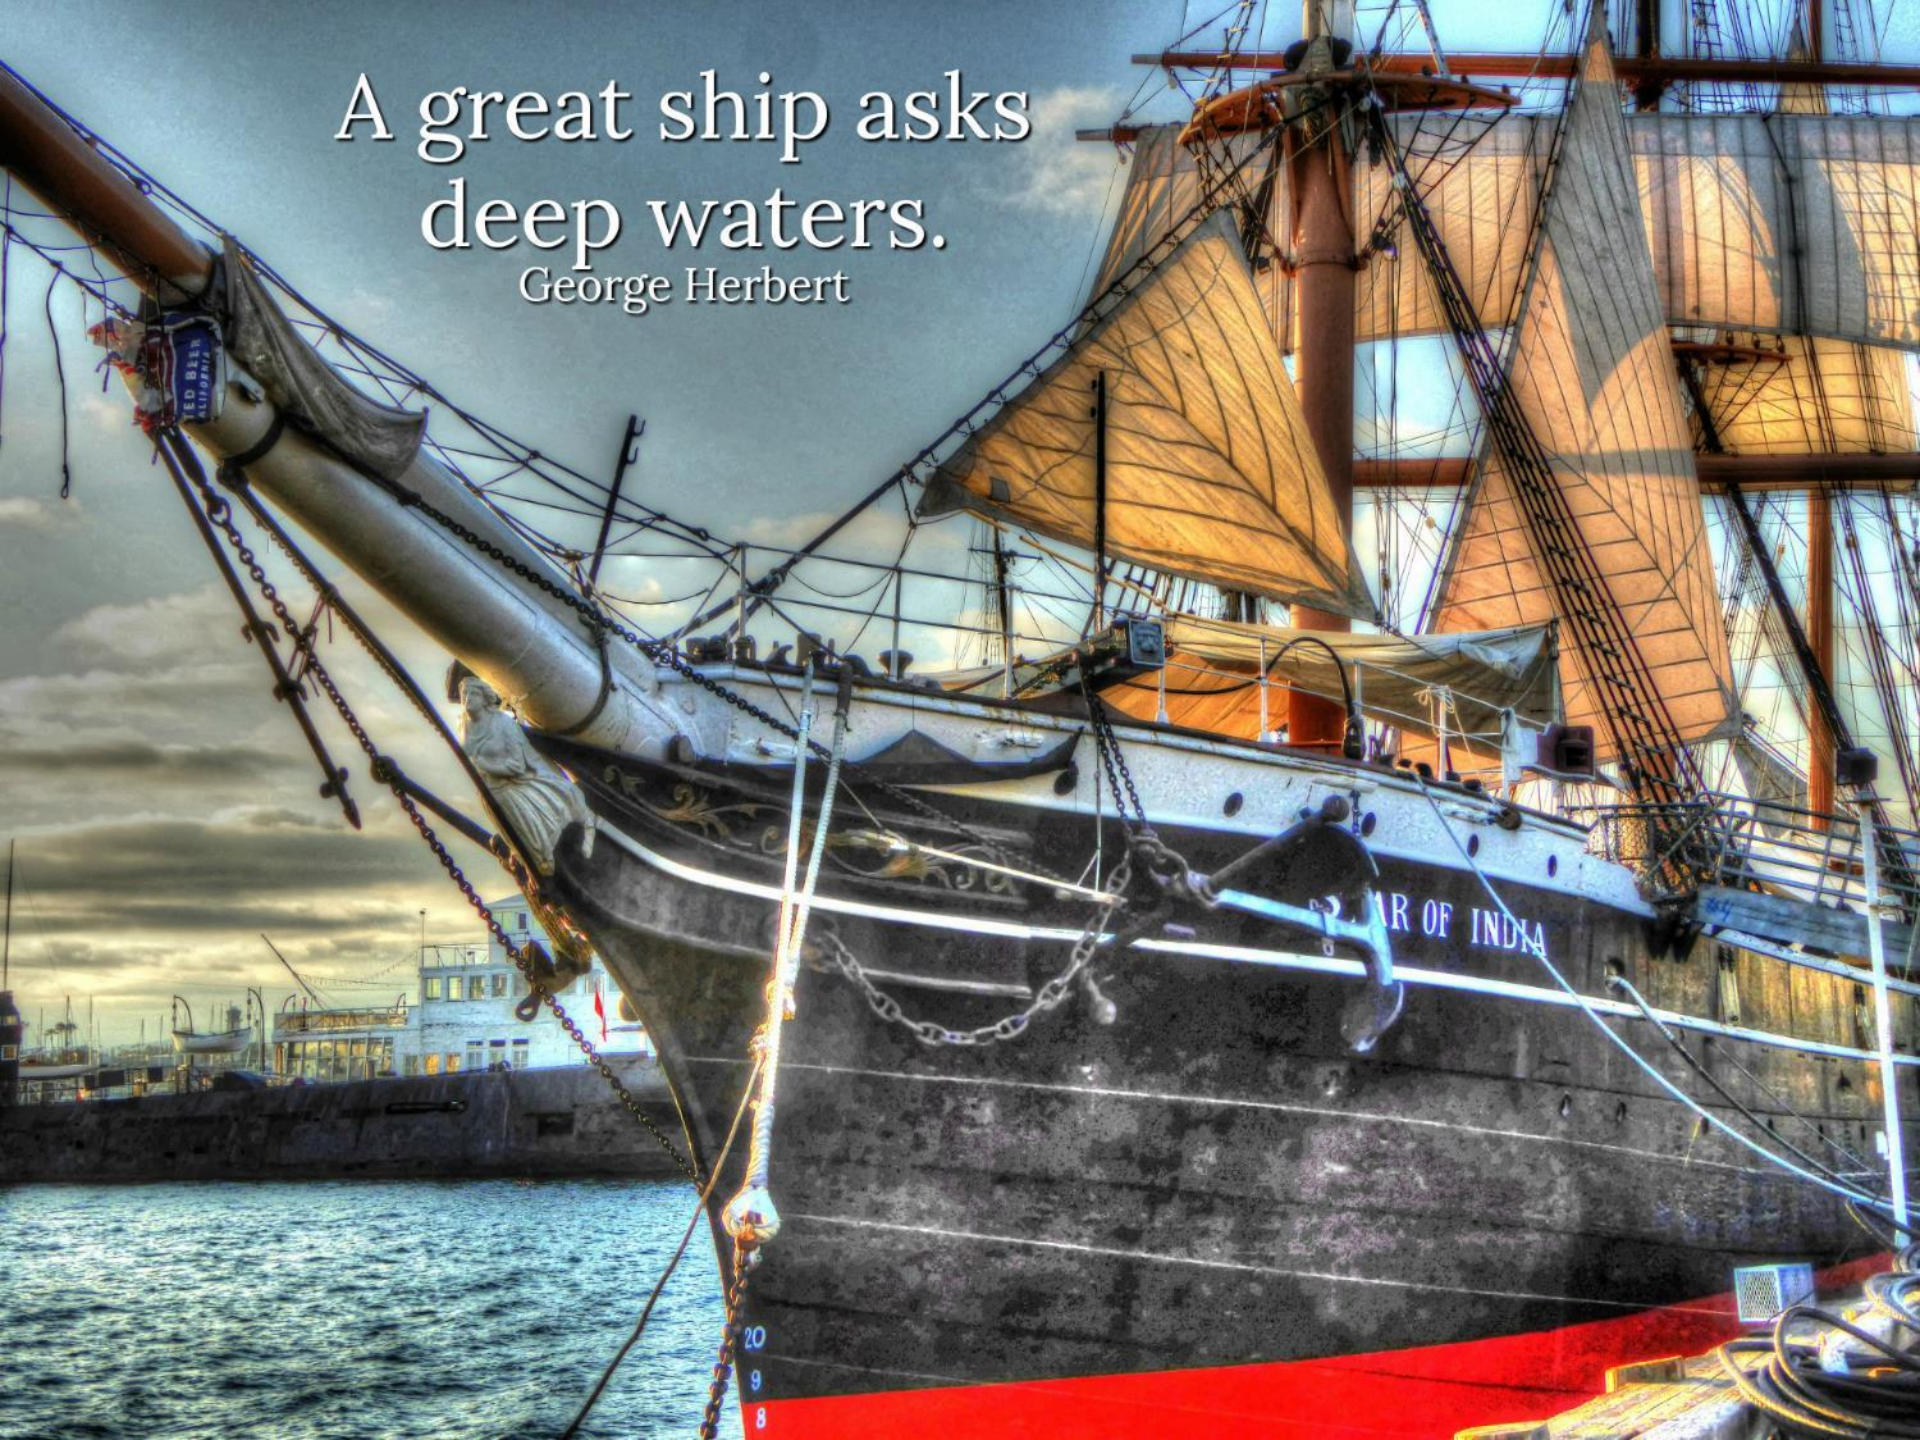

One important key to success is self-confidence. An important key to self-confidence is preparation

Days are where we live.

The sky is visible through the canopy, showing a mix of blue and white. The overall scene is bright and colorful, capturing the essence of a beautiful autumn day.

emotional event can be the catalyst for
choosing a direction that serves us - and
those around us - more effectively.
Look for the learning.

A large, rugged, reddish-brown mountain peak dominates the left side of the frame. The rock face is textured with vertical fissures and ledges. The sky is a clear, pale blue. In the background, other mountain ranges are visible, though less detailed. The overall scene is a natural landscape with a prominent mountain peak.

A large, dense green tree stands prominently in the middle ground on the right side. The background shows a hazy horizon with distant hills under a sky filled with light, airy clouds. The overall mood is peaceful and natural.

A vibrant, painterly illustration of a forest. A dirt path, covered in fallen leaves and pine needles, winds through a dense thicket of green ferns and bushes. Quotes and Words of Wisdom, (WOWs I call them) are essentially thought-provoking and usually good-feeling phrases shared by people from all walks of life, living or deceased.* For me, quotes are vitamins for my soul. I discovered the power of quotes in 1981, when someone at work sold March of Dimes coupon books that had coupons on one side and a beautiful picture with a pithy quote on the other side. I NEVER used the coupons. I devoured the quotes. They were SO instrumental in shifting my way of showing up in the world. Let them do the same for you.
